

Smart Systems Integrated® products

StackerSAT

In-depth support for innovation and exploitation in Smart Systems Integration

What's different in your product?

Turn your smartness inside out

Product Name

StackerSAT

Product description

To offer a complete range of products to System Integrators, Eurofork has developed a shuttle ideal for those warehouses where stacker crane is still the most suitable solution.

To guarantee the stability of the Storage Unit during the transfer between machines and rack, StackerSAT has 8 wheels drive. Power supply is provided by 48V la test generation lithium battery which can guarantee 24/7 operations thanks to charging stations positioned on the stacker crane's frame.
